Poison Red Berries
(aka I Don't Think Much About Her No More)-Johnny Rodriguez
Author:Mickey Newberry

```
C                          F           C
You know I don't think much about her no more
          Am    D7                 G7
Seldom if e-ver does she cross my mind
C           C7         F           C
Yesterday's gone Lord it's better forgotten
                     Am         G7         C
Like the poison red berries to die on the vine

                               F           C
This morning at dawn Lord I pulled into town
                     Am                D7              G7
Had some coffee and talked with some old friends of mine
C                C7         F        C
Laughing at the good times they all remembered
            Am             G7
And then I remembered the time

C                      F                      C
Oh Lord I can see the bright lights back in Dallas
             Am           D7               G7
As yesterday moves like a dream through my mind
C           C7         F           C
I didn't suppose Lord I'd ever forget her
                   Am               G7
And you know it took such a long time

C                       F            C
But I don't think much about her no more
          Am    D7                 G7
Seldom if e-ver does she cross my mind
C           C7         F           C
Yesterday's gone Lord it's better forgotten
                     Am           G7           C
Like the poison red berries that clings to the mind
```
