Precious Jewel-Hank Locklin
Author:Roy Acuff [3/4 time]

```
C
Way back in the hills
     F              C
As a boy I was once wandered

Buried deep in her grave
         D7          G7
Lies the girl that I love

        C
She was called from this earth
  F         C
A jewel for Heaven

More precious than diamonds
     G7             C
More precious than gold

A jewel here on earth
F            C
And jewel in Heaven

She'll brighten the kingdom
D7                G7
Around God's great throne

        C
May the angels have peace
    F             C
God bless her in Heaven

They've broken my heart
             G7         C
And they've left me to roam

When she was sixteen
   F            C
We courted each other

She promised someday
   D7               G7
To become my sweet wife

  C
I bought her a ring
   F           C
To wear on her finger

The angels they called her
   G7          C
To heaven one night

repeat #2

This world has it's wealth
          F           C
And it's trials and troubles

Mother earth holds her treasures
   D7            G7
Of diamonds and gold

        C
But she can't hold the soul
   F             C
Of one precious jewel

She's resting in peace
        G7        C
In that Heavenly home
```
