Author:Boudleaux Bryant and Felice Bryant

```
G                  G7
The sun is out the sky is blue
        C              G7
There's not a cloud to spoil the view
         C       D7             G
But it's raining raining in my heart

                    G7
The weatherman says clear today
   C                  G7
He doesn't know you've gone away
         C       D7             G
And it's raining raining in my heart

          C       A7                      D7
Oh misery misery  what's gonna become of me
  G                  G7
I tell my blues they mustn't show
    C                   G7
But soon these tears are bound to flow
          C       D7            G
Cause it's raining raining in my heart
