Author:Deion Lay and Joseph Allen

C
Her plane will land in Dallas
G7
About the time I get back to the farm

By now she's probably leveled off
C
And having drinks and turning on the charm

My plans to get her out of town
F
And then get it on just turned around on me

While she's raising cane in Texas
G7 C
I'm pulling weeds in Tennessee

F
And early in the morning

I'll find the nerve to call her on the phone
D7
Say come on home to daddy
G7
Cause your poopsey just don't like it here alone

C
There's cowboy's that'll hold her tight
F
That'll dance all night and still make two of me

While she's raising cane in Texas
G7 C
I'm pulling weeds in Tennessee

While I'm searching through the closets
G7
For the dancing shoes I thought she left behind

She's probably out with Willie's band
C
Getting high on what keeps Willie high

And I'm starring in the mirror
F
At the hat that used to look so good on me

While she's raising cane in Texas
G7 C
I'm pulling weeds in Tennessee

Repeat #3,4
F
While she's raising cane in Texas
G7 C
I'm pulling weeds in Tennessee
