Rambling Man-Norma Jean
Author:Johnny Cash

```
G
I love my rambling man
                          D7
And my rambling man loves me
  G                            C
I know he'll be back so I'll help him pack
     D7                             G
Then I'll give him a kiss and my key

I love my rambling rambling man
                       D7
My rambling man loves me
  G                            C
I know he'll be back so I'll help him pack
     D7                             G
Then I'll give him a kiss and my key

Yes I love a rambling man
                                 D7
Don't tell me he doesn't love me
     G                           C
He's kind and he's sweet till he gets itchy feet
     D7                               G
Then he's wild as the wind in the trees

repeat #2

Well I kiss him hello when he's back
                                    D7
And he talks of the road and the track
  G                   C
I cook and I sew but I know that he'll go
   D7                           G
As soon as he's feeling the slack

repeat #2
