**Streamlined Cannonball-Hank Snow**
**Author:Roy Acuff**
**[3/4 time]**

```
C                    F     C
(It's the Streamlined Cannonball)

A long steel rail and a short cross-tie
    F              C
I'm on my way back home
    F               C
I'm on the train the king of them all
                F     C
The Streamlined Cannonball

Oh she glides along like a cannonball
       F                    C
Like a star on its heavenly flight
     F                     C
This lonesome sound of the whistle you love
               F           C
As she travels through the night

Her headlight gleams out into the night
    F                 C
Her firebox flash you see
    F                      C
The blinds I ride and the lights I love
                F       C
Are home sweet home to me
```

**Repeat #2**

```
I can see the smile of an engineer
  F                   C
Although he's old and gray
     F                C
A contented heart he awaits back home
                    F     C
Of the Streamlined Cannonball
```
