Sweet Desire-the Kendalls
Author: Jeannie Kendall

```
C                F   C
Sweet desire gave me away
                           F      C
Warmed my heart so I just had to stay
                             F   C
Tempting feelings just lead me astray
                        G7  C
And sweet desire gave me away

     F         C
Oh I know that I should go
         G7       C
But your touch it thrills me so
           F       C
And it's so easy to stay with you
           G7
When you're holding me like a lover would do

        C                 F   C
And now sweet desire gave me away
                          F      C
Warmed my heart so I just had to stay
                            F   C
Tempting feelings just lead me astray
                        G7  C
And sweet desire gave me away

           F      C
I'll never know a love so strong
    G7             C
But I'm  not where I belong
          F        C
Since you put your spell on me
    G7
The harder I try it won't set me free
```
