Sweethearts in Heaven-Buck Owens

```
C                            G7
Will there be sweethearts in heaven
                    C
After we cross the line
                   F
If the angels have sweethearts
       G7            C
Then I want you for mine

Now I'd be a tramp and sleep in the street
                                      G7
Or I'd be a beggar with rags on my feet
C
If I knew for sure when the time comes to part
F         G7                        C
Someday in heaven you'd be my sweetheart

Repeat #1

If  I should go first and leave you behind
                                      G7
To face life alone just bare this in mind
C
I'll be a-waiting if heaven's my fate
   F             G7                            C
To take you by the hand just inside the pearly gates

Repeat #1
```
