Talk Back Trembling Lips-George Jones
Author:John D. Loudermilk

```
C                              G
Talk back trembling lips shaky legs don't just stand there
D7                                              G
Don't let her know that she's getting through to you
C                               G
Talk back trembling lips burning eyes don't start crying
D7                                    C     D7     G
Heart don't let her know that you're break-ing in two

             C              G
Every day our love's a battle royal
                                      D7
Dear it seems that fighting is all we do
G           C                G
If I let you know how much I love you
A7                                        D7
You'll do things to me that you shouldn't do

C                              G
Talk back trembling lips shaky legs don't just stand there
D7                                              G
Don't let her know that she's getting through to you
C                               G
Talk back trembling lips burning eyes don't start crying
D7                                    C     D7      G
Heart don't let her know that you're break-ing in two

              C              G
Every time you up and hurt my feelings
                              D7
I pretend it couldn't matter less
G              C          G
I'm just hiding all of my emotions
A7                       D7
Behind my broken heart I guess
```
