```
C                                      G7
Once again I slip back in the gin and settle in
                                        C
Oh my bottle and me sail out to sea to meet her again

Than El Cafe Khartoum near a quiet lagoon
         F          Fm
Where we played and played
        G7                                                  C
All the ladies sing your Caribbean dreams drinking Tanqueray

                  F
Tanqueray take me away
         G7                                 C
You're a time machine that I need day by day
                  F
Tanqueray take me away
     G7
Each time that I need her gets sweeter and sweeter
                   C
Take me away Tanqueray

                                     G7
Morning comes takes me from another night with you
                                          C
So I hurry through what I have to do to get back to you

That El Cafe Khartoum near a quiet lagoon
         F          Fm
Where we played and played
        G7                                                  C
All the ladies sing your Caribbean dreams drinking Tanqueray

Repeat #2

     G7
Each time that I need her gets sweeter and sweeter
                   C
Take me away Tanqueray
