```
G              D7
Tell me how to keep your love
G              D7
You know how I need your love
G               C        D7
Tell me how you keep the love
       G    D7         G
Within your heart from me

               D7
Don't you know that I love you
G               D7
Let me show why I'm true blue
G               C       D7
When I know our love is true
      G         D7        G
Don't keep your love from me

Em
If you would say to me today
G
The time for love is now

Then I say tell me how
