Tempted-Marty Stuart
Author:Marty Stuart and Paul Kennerley

```
G                        C        D7            G
There's a girl trying to steal my heart and I'm tempted
                       C       D7        G
Even though she could tear it apart I'm tempted
C                    F        C               F         C
In her eyes there's mystery  every time she smiles at me
G          C        D7         G
I know how it could be and I'm tempted

               C        D7      G
Each time she looks my way I'm tempted
                     C     D7      G
Just a little more every day I'm tempted
C             F         C               F         C
It's so hard to resist the thought of her sweet kiss
G               C       D7       G
Can't take much more of this I'm tempted

             D7    G         C
Tempted and tried deep down inside
G       D7       G
I can't deny I'm tempted

                C         D7      G
Ever since she caught my eye I'm tempted
                  C           D7      G
Just one look and you'll know why I'm tempted
C                        F      C               F         C
So if I'm burned by the flame  there's no one but me to blame
G                  C            D7       G
Cause every time she calls my name I'm tempted

             D7    G         C
Tempted and tried deep down inside
G       D7       G
I can't deny I'm tempted
             D7    G         C
Tempted and tried deep down inside
G       D7       G
I can't deny I'm tempted
