That Over Thirty Look-Faron Young
Author: Billy Arr and Rick Klang

```
C                    F
That over thirty look sure looks good on you
             C                                  G7
And you're as lovely as I ever dreamed you'd be
C                    F
That over thirty look sure looks good on you
  G7                                 C
I wish it looked just half as good on me

    G7
The years have sure been kind
    F                  G7     C
You should thank old father time
                                          G7
No one could guess your age unless they knew
   C
So pretend you're twenty-nine
       F
If you want to girl that's fine
    G7
But that over thirty look
             C
Looks good on you

       G7
You're just like vintage wine
   F               G7        C
Oh you get better girl with time
                                       G7
And there's no need to worry like you do
    C
I'm glad and that's a fact
         F
We can't turn that old clock back
      G7
Cause that over thirty look
             C
Looks good on you
```
