G
Oh the gold rush is over so honey bye-bye
C                                    G
Stake out your claim now on some other guy
    D7
I've wined you and dined you till my money is gone
       G                          D7          G
But the gold rush is over and the bum's rush is on

Now when I had the money honey things were just fine
C                              G
You spent my money like I was a mine
   D7
But now you mistreat me 'cause my money is gone
       G                     D7          G
So gold digging Mama you can start moving on

You shoveled out the sweet talk when the pay dirt was big
C                                      G
But now all you shovel out is just a dirty dig
    D7
Well stop digging honey 'cause you're wasting your time
       G                      D7         G
This old gravy train is at the end of the line

Repeat #1

You've been out prospecting all around on the side
C                                    G
But this old mule now has had his last ride
   D7
So start walking woman 'cause your grubstake is gone
   G                          D7          G
The gold rush is over and the bum's rush is on
