C                F                   C
You have gone and yet  I'm still your prisoner
D7                                     G7
Though you're with your new love I'm not free
F
                                   C
For you have placed a lock around my heart dear
F              G7             C
And you are the keeper of the key

F                             C
Love locked inside like mine just burns constantly
  D7                           G7
Oh darling please come back to me
     F
                              C
We'll lock our hearts together for a lifetime
F                   G7             C
And God will be the keeper of the key

F                                    C
Only you can break the chains that bind me
D7                     G7
Only you can end my misery
  F                                C
No one else can dry the tears that blind me
F                G7             C
For you are the keeper of the key
