The sun's gonna shine in my back door someday
                   D7                      G
Just you wait and see just you wait and see
                          C
One day you'll cry and want me to come back to you
                   D7                      G
Just you wait and see just you wait and see

C                                  G
You've got such big big beautiful eyes
C                             D7
And I love to see you when you smile
G                          C
The sun's gonna shine in my back door someday
                   D7                      G
Just you wait and see just you wait and see

C                                       G
You've got such a great big beautiful smile
C                               D7
You're so doggone mean I wonder why
G                          C
One day you'll cry and want me to come back to you
                   D7                      G
Just you wait and see just you wait and see
