C                                          F
We know it's wrong  to let this fire burn between us
      C                                          G7
We've got to stop this wild desire in you and in me
          C                                              F
So we'll let the flame burn once again until the thrill is gone
                        G7          C
Then we'll sweep out the ashes in the morning

          F                                  C
We're two people caught up in a flame that has to die out soon
  F                                C          G7
I didn't mean to start this fire and neither did you
C                                                    F
So tonight when you hold me tight we'll let the fire burn on
                        G7          C
And we'll sweep out the ashes in the morning

                                                        F
Each time when we meet we both agree that it's for the last time
    C                           G7
But out of your arms I'm out of my mind
          C                                                  F
So we'll taste the thrill of stolen love tonight until the dawning
                        G7          C
And we'll sweep out the ashes in the morning

G7        C                                                   F
Yes we'll taste the thrill of stolen love tonight until the dawning
                        C
And we'll sweep out the ashes
F                   C
We'll sweep out the ashes
F                   G7          C
We'll sweep out the ashes in the morning
