Yellow Roses -Hank Snow
Author:Ken Devine and Sam Nichols

```
C                              C7      F
I just received sweetheart your yellow roses
          C                                G7
You tell me dear they mean that we're all through
          C                  C7        F
You tell me that tonight your heart is broken
              C          G7     C
But you should know I was never untrue

F
I'll place them near your photograph
    C
And as the petals fall
        D7
They'll hide from you my lonely tears
     G7
That shouldn't fall at all

              C                    F
Then they will slowly fade away and die
                   C           G7              C
But I'll still love you though yellow roses say goodbye

F
I'll place them near your photograph
    C
And as the petals fall
        D7
They'll hide from you my lonely tears
     G7
That shouldn't fall at all

              C                    F
Then they will slowly fade away and die
                   C           G7              C
But I'll still love you though yellow roses say goodbye
