Yesterday's Wine-Willie Nelson

```
C                       F           C
Miracles appear in the strangest of places
      G7          C
Fancy meeting you here
                              F           C
The last time I saw you was just out of Houston
                 G7         C
Sit down   let me buy you a beer

                                F         C
Your presence is welcome with me and my friend here
     G7                  C
And this is a hangout of mine
                              F        C
We come here quite often and listen to music
             G7          F
Partaking of yesterday's wine

                         F          C
Yesterday's wine  we're yesterday's wine
           G7                     C
Aging with time  like yesterday's wine
                         F          C
Yesterday's wine  we're yesterday's wine
           G7                     C
Aging with time  like yesterday's wine

                           F          C
You give the appearance of one widely traveled
                     G7            C
I'll bet you've seen things in your time
                           F           C
So sit down beside me and tell me your story
                         G7          C
If you think you'll like yesterday's wine
