You'll Never be Mine Again-Jim Reeves
Author:Buddy Killen and Jim Reeves

```
C               F
You'll never be mine again
                        C
Guess I've known it since don't know when
               G7                    C
I've just been pretending  I know I can't win
                    F
Let me hold you just one more time
                     C
And pretend that your world is mine
                   G7
We'll whisper goodbye and then
                    C
You'll never be mine again

F                                   C
Someone else will know the thrill of holding you
   D7                                G7
And sharing all those little things we used to do
C               F
So give me your sweetest smile
                C
And let me just dream a while
                     G7
Then my world will come to an end
                    C
You'll never be mine again
