```
G              C
When I saw you walking the avenue
D7               G
Then I knew that you're for me
                    C
I knew by the twist you must head my list
D7                    C     D7         G
Your lips I must kiss cause you're for me

     C                   D7
Well don't say no cause you can know
C                    G          D7
I love you so cause you're for me
G                  C
Come on baby and don't say maybe
D7                  C      D7  G
Can't you see that you're for me

                        C
Stars that shine above fill my cup of love
D7                   G
When you're walking by my side
                    C
You are just a pill that can fill the bill
D7                    C     D7         G
So let's make the deal cause you're for me

     C                   D7
Well don't say no cause you can know
  C           G          D7
I love you so you're for me
G                    C
I knew by the swing you would wear my wedding ring
D7                              C     D7         G
Now we'll have some little things cause you're for me
