You're No Angel Yourself-Kitty Wells
Author:Jim Anglin

```
C                  F            C
Your jealous heart I can't understand
        G7            F          C
You get mad if I look at another man
   F                                C
No faith in your love no respect for mine
G7                       F    G7        C
Making things up in your self-righteous mind

          F                                 C
You're no angel yourself why pretend to be
G7                    F                   C
You may fool others but you can't fool me
     F                                    C
Take away false pride what have you got left
G7                                     F  G7      C
Climb off your high horse you're no an-gel yourself

                       F            C
When we took the vows that made us one
G7                   F            C
Our love was sweet and life was fun
F                                  C
Sure I made mistakes before I met you
G7                       F   G7        C
But ask yourself didn't you make them too
```
