You're No Secret Of Mine-Wynn Stewart
Author:L.D. Allen
[3/4 time]

```
G                      C              G
The gossip has started like I knew it would
                                        D7
They saw us together they say you're no good
     G                           C               G
Just let them keep talking cause someday they'll find
     C            G                    D7         G
That we love each other and you're no secret of mine

C                         G
Before I would shame you I'd step aside
A7                             D7
You know I couldn't do that even if I tried
   G                               C                  G
So let's face them together and hold our heads up high
C            G                D7         G
We love each other you're no secret of mine
```

Repeat #2

```
    C            G                    D7        C  G
Yes we love each other and you're no secret of m-ine
```
