You're The Best Friend-Isla Grant
[3/4 time]

```
G                              C                                  G
You've been here beside me and shared all my dreams through the years
                                  C                           D7
We've shared all the laughter and sometime you dried all my tears
    C                                                        G   C
You stood close beside me and held me when good times turned bad
  G                              D7                            G
I need you to know you're the best friend that I've ever had

                               C                            G
Together we've laughed as we walked hand in hand in the rain
                                  C                         D7
All the good times we've had comes back to my memory again
    C                                                      G    C
Now as the years pass they're turning from silver to gold
  G                          D7                           G
I pray we will share them together as we're growing old

          C                                                          G
You're my best friend the one friend I know will be there come what may
           C                     A7                           D7
You're the one I depend on the one friend I turn to each day
   G                              C                            G   C
So if sometimes I hurt you and the things that I say makes you sad
G                                 D7                          G   C
Remember I love you and you're the best friend that I've ever had

Repeat #3

G                                 D7                          G
Remember I love you and you're the best friend that I've ever had
```
