You ask me to give up the hand of the girl I love
                                   C
You tell me I'm not the man she's worthy of
                          F
Who are you to tell us who to love
                C                G7
Oh that's up to her yes and the Lord above
                C
You better move on

                                                    G7
Well I know you can buy her fancy clothes and diamond rings
                                   C
But I believe she's happy with me without those things
                         F
Still you beg me to set her free
                          C
But friend that will never be
G7              C
You better move on

F                      C
I can't blame you for loving her
F                             C
But can't you understand she's my girl
F                             C
Oh but I'm never never ever gonna let her go
     D7                                    G7
Yeah but don't you know I love that woman so

C                                    G7
I think you better go now I'm getting mighty mad
                                   C
You ask me to give up the only love I've ever had
                          F
Maybe I would oh but I love her so
                C
I'm never gonna let her go
G7              C
You better move on

G7              C
