You Can't Break The Chains Of Love-Jean Shepard
Author:Jimmy Wakely, Lew Porter, Franklin Tableporter

```
C                          F              C
Though we're apart you'll always have my heart
                               G7
You can't break the chains of love dear
    C               F                  C
Wherever you go my heart will always know
                     G7         C
You can't break the chains of love

    F             C
For I will always love you
  D7                  G7
I swear by the stars up above
C                        F          C
I'll be your slave till I am in my grave
                     G7         C
You can't break the chains of love

    F             C
For I will always love you
  D7                  G7
I swear by the stars up above
C                        F          C
I'll be your slave till I am in my grave
                     G7         C
You can't break the chains of love
```
