Author:Luke McDaniel

G
Well the other night I had a dream

I dreamed I had a castle and I was a king
C G
But you can't never tell Lord you can't never tell
D7 G
Cause when I woke up my castle was a city jail

Well I met a little gal I thought she was swell

Like a bottom of a bucket I really fell
C G
But you can't never tell Lord you can't never tell
D7 G
If she's really true or double crossin' you you can't never tell

Well I thought I get rich so I bought a Cadillac

The finance company come and took it back
C G
So you can't never tell Lord you can't never tell
D7 G
If you're gonna be rich or wind up in the ditch you can't never tell

Well today you might be a doing fine

Tomorrow you might be a doing time
C G
So you can't never tell Lord you can't never tell
D7 G
If you're on the right track or trackin' it back you can't never tell
