You Don't Hear-Kitty Wells
Author:Tommy Cash and Jerry Huffman

```
G                  D7             C
Lately you spend a lot of time at parties
                G          D7             G
Your head held high in a world of make believe
                  D7           C
You don't hear a word that I tell you
           G           D7               G
And I can see you no longer care for me

C                                G
You don't hear a word that I'm sayin'
C                               D7
May as well be talkin' to the ceilin'
         G      D7               C
I want you to know how much I love you
           G            D7                  G
I talk to you all the time but you don't hear

                       D7          C
If you'd stop  for a minute and listen
           G         D7             G
You would save yourself a lot of tears
                       D7             C
Your party pals won't love you like I do
                G          D7             G
I've tried to tell you  but you don't hear
```

Repeat #2

```
C          G            D7                  G
I talk to you all the time but you don't hear
```
