C                          Dm
I
cried a tear you wiped it dry
     G7                     C
I
was confused you cleared my mind
         Em                Dm
I
sold my soul you bought it back for me
           D7             G7
And
held me up and gave me dignity

Somehow
you needed me

           C                Dm
You
gave me strength to stand alone again
           G7               C
To
face the world  out on my own again
          Em          Dm
You
put me high  upon a pedestal
  C                E7          D7
So
high that I could almost see eternity
   G7                  C
You
needed me  you needed me

     Am                E7
And
I can't believe it's you
         F
I
can't believe it's true
 Dm         G7          C
I
needed you  and you were there
        Am             E7                F
And
I'll never leave why should I leave I'd be a fool
       D7                                G7
Cause
I finally found someone who really cares

C                           Dm
You
held my hand  when it was cold
          G7               C
When
I was lost  you took me home
           Em                     Dm
You
gave me hope  when I was at the end
   C              E7              D7
And
turned my lies  back into truth again
   G7            C
You
even called me friend
