Yours Forever-Wynn Stewart
Author:Red Simpson

```
C     F                    C
Yours forever as long as I live
            G7                            C
My heart is yours with all the love I can give
               F                      C
And I'll never hurt you darling no never
        G7                          C
Cause I belong to you I'm yours forever

G7                C
Yours forever and so much in love
D7                                                    G7
Without you I'd be like a lonely sky with no moon up above
C                  F                              C
The world may stop turning but we'll still be together
        G7                          C
Cause I belong to you I'm yours forever

                   F                              C
The world may stop turning but we'll still be together
        G7                          C
Cause I belong to you I'm yours forever
```
